## Green Latus

#### The Endocannabinoid System (ECS)

A biological system composed of endocannabinoids. Its primary function is to maintain homeostasis in human and animal physiology.

#### Cannabinoids (can · na · bi · noids)

A group of 100+ active compounds found in cannabis and hemp, including:

### Terpenoids (ter • pe • noids)

Essential oils found in hemp which aid in boosting energy or relaxing the body.

Cannabinoids and Terpenoids bind to a series of receptors naturally found throughout the body.

CB1 • CB2 • GPR18 • GPR55 • GPR119 • TRPA1 • TRPV1

Green Lotus Hemp creates full spectrum hemp products rich in naturally occuring CBD.

When using full spectrum hemp products, multiple cannabinoids, terpenoids and receptors work together to increase the efficacy of hemp based products.

## THE ENDOCANNABINOID SYSTEM

Green Lotus Hemp is a Colorado based cannabinoid brand started by Texas natives in 2016. Our goal is to spread education, awareness and accessibility of responsibly made cannabis products.

From our farm to your body, expect a premium product that will stand out above the rest.

Our mission is to cultivate natural and organic cannabinoid products that provide a full spectrum of remedies for life.

Through strategic investments, we take a holistic approach to crafting informative and educational content for our community.

Through genuine relationships and transparency, we uphold the highest standards of integrity to make a positive impact in your life.
